Visit Our Downtown Exhibit Displaying Work By Bridgewater College Artists

Advanced Studio Art Showcase

Our window display is full of works from Advanced Studio Art students this fall. Creativity ignites within the paintings, drawings, and ceramics created by students under the direction of Professor Michael Hough. Take a peak at the new display as you stroll downtown.

The Wonderful and Creative Denise Moclair

Volunteer Spotlight

Denise Moclair has been integral to the Arcadia Project's success this year! As a volunteer, she has taken over the curation of our window displays, conceiving the "Year of Art" for 2022-23, where windows feature local artists' works. She also picked up the construction of the 2022 QCMM TriWizard Maze by its bootstraps and helped it come together through multiple paint parties ahead of the magical weekend.

Hallelujah

Leonard Cohen, A Journey, A Song

The new release *Hallelujah* follows the poet and singer-songwriter, Leonard Cohen, as he worked to unlock the mysteries of life through the magic of music. His most famous hymn, Hallelujah, frames the documentary and guides the viewers through his life story.
