

IT WAS FUN TO JAM WITH YOU!

Thank you to everyone who visited our table, toured the building, and participated in our dot survey.

Here are the types of music that Staunton Jams attendees would like to see Arcadia Project host once renovations are complete and our doors are open in 2025.

Our survey takers love listening to **ALL** types of music in the Queen City. R&B and Jazz were the faves on Saturday. Though they didn't make the top of the chart, pop, big band, and piano bar music were close contenders!

SHARE YOUR INPUT!

What music and dance would you like Arcadia Project to host?

If you missed us last weekend, we still want to hear your ideas! These spaces are being created **FOR** you and **BY** you, so your input is vital to our ability to offer programming that fills unmet cultural interests.

Share your thoughts in this QUICK digital survey!
