

ARCADIA PROJECT

BRING WHO YOU ARE

Join Maria Leckey at the Visulite tonight!

Come for the air conditioning, stay for the awesome music courtesy of Maria Leckey, followed by the film she chose to share with you about Australian musician Courtney Barnett. **Tuesday, Sept. 5th, doors open at 6:30 p.m., performance begins at 7:00 p.m.** A portion of all proceeds from [Music at the Movies](#) will benefit the [Arcadia Project](#).

Anonymous Club directed by Danny Cohen

The New York Times writes: "The singer-songwriter Courtney Barnett started out as a DIY artist, home-recording energetic songs communicating knotty feelings... Barnett's work blew up commercially after the 2015 release of her album 'Sometimes I Sit and Think, and Sometimes I Just Sit.'" The world tour that follows puts this self-described shy person outside her comfort zone -- a journey this film documents while exploring how achieving her dream produces such contradictory feelings. Following the 1h 23m movie, Maria will host a Q&A. [Watch the trailer!](#)
